READ: Star Magic's statement on Kim Chiu

OFFICIAL STATEMENT

Star Magic, on behalf of Ms. Kim Chiu, wishes to issue the following statement for the guidance of the public.

In 2023, an interview of Kim regarding her sister was recorded and currently being viewed by the public. While the statements made by Kim at the time were true and reflected the circumstances then, they no longer represent the present situation.

Since then, Kim has discovered material information that came to light in 2025, which prompted her to take legal action. As a result, a criminal complaint filed by Kim against Ms. Lakambini Chiu is currently pending before the proper authorities.

Kim remains firm in her decision to pursue the case through the proper legal process in order to establish the truth, hold the responsible parties accountable, and seek justice.

This statement is issued solely to clarify the timeline of events and to avoid any misunderstanding arising from previously recorded statements. As the matter is now the subject of ongoing legal proceedings, we respectfully ask for the public's understanding and for Kim's privacy to be respected while the case takes its proper course.

Thank you for your continued love and support for Kim.

Nahihibang na talaga si Sara. Ang ICC ay hindi tuta nino man. Ang kaso ni Digong sa ICC ay bunga ng isang malalim na imbestigasyon na inabot ng ilang taon. Bukod pa rito, alam nating mga Pilipino na totoong nangyari ang libu-libong patayan dahil sa war on drugs policy ni Digong.

I-SHARE MO NAMAN 'YAN 🐶

A home security camera caught a scene many pet owners will relate to. While Lola showered both fur babies with affection, Kuya Bowbie claimed the prime spot in front of the electric fan as if he pays the electric bill. Meanwhile, B1 quietly lingered behind the couch, giving off serious "resident ghost" energy.

Nahihibang na talaga si Sara. Ang ICC ay hindi tuta nino man. Ang kaso ni Digong sa ICC ay bunga ng isang malalim na imbestigasyon na inabot ng ilang taon. Bukod pa rito, alam nating mga Pilipino na totoong nangyari ang libu-libong patayan dahil sa war on drugs policy ni Digong.

FAKE NEWS! WALANG TRIBUTE KAY RENE BATERBONIA SA SPIDER-MAN: BRAND NEW DAY—MEME LANG ITO!

Nag-viral sa social media ang isang larawan na tila nagpapakitang may “In Memory of Rene Baterbonia” tribute sa pelikulang Spider-Man: Brand New Day.

Pero meme lamang ito.

Walang eksena o end-credit tribute para kay Rene Baterbonia sa pelikula. Ang larawan ay isang edited meme na ginawa lamang bilang tribute ng ilang netizens at hindi bahagi ng opisyal na release ng Marvel o Sony. Ang opisyal na impormasyon tungkol sa pelikula at sa mga kredito nito ay walang binabanggit na ganitong dedication.

Gayunpaman, marami pa rin ang napatawa at naantig sa meme, lalo na ang mga nakakakilala kay Rene at sa kanyang naging kontribusyon sa Philippine sports media.

Famed exorcist Fr. Gabriele Amorth revealed what demons were compelled to admit during exorcisms:

"She enrages me because she is the humblest of all creatures, while I am the proudest; she is the purest, while I am not; she is perfectly obedient to God, while I am a rebel!"

And why does her name terrify them even more than Jesus'? The demon screamed: "I am more humiliated to be defeated by a mere creature than by Him..."

Demons rage because Mary's humility crushes their pride, her purity burns them, and she defeats them every time—never touched by sin. This fulfills Genesis 3:15: the enmity between the serpent and the Woman, whose offspring will crush his head. As the New Eve, Mary plays a crucial role in this victory through Christ.

What about attacks on Mary, her Rosary, or devotions? Exorcists say that's often demonic—Satan hates anything that draws souls to her, because she snatches them from hell and leads straight to Jesus.

Holy Mary, Mother of God, pray for us! 🙏

GANITO KAYA ANG TUNAY NA ITSURA NI HESUS?

Ang larawang ito ay isang historical reconstruction ng posibleng hitsura ni Hesus batay sa mga pagtatantya tungkol sa mga taong Hudyo na nabuhay sa Galilea noong unang siglo.

Pero mahalagang tandaan: wala tayong aktuwal na larawan o eksaktong portrait ni Hesus mula noong nabubuhay pa Siya. Kaya hindi makumpirma na ito ang tunay Niyang mukha.

Sa halip na ang karaniwang imahe ni Hesus na matagal nang nakikita natin, ipinapakita ng reconstruction na maaaring mas malapit sa hitsura ng isang unang-siglong lalaking Hudyo mula sa rehiyon ang Kanyang pisikal na anyo.

Ikaw, sa tingin mo ba ganito ang posibleng itsura ni Hesus?

Chapter 1

INTRODUCTION

Background of the study

The rapid growth of the consumer electronics industry has significantly influenced consumer behavior, particularly as buyers are presented with a wide range of electronic gadgets offering similar features, specifications, and performance (IMARC Group, 2023). In highly competitive markets such as Davao City, consumers often experience difficulty in making purchase decisions due to minimal product differentiation. As brand competition intensifies (Statista, 2025), technical attributes alone are no longer sufficient to drive consumer preference. Instead, brand image has emerged as a crucial factor that shapes consumer trust, confidence, and purchasing behavior, especially in digital environments influenced by social media and electronic word-of-mouth (Junianto & Ruswanti, 2025; Kumar & Reinartz, 2025).

Internationally, several studies emphasize the significant role of brand image in influencing purchase intention. Godey et al. (2016) highlighted that positive brand perceptions developed through digital platforms enhance consumer trust and directly affect purchasing decisions. Similarly, Junianto and Ruswanti (2025) found that strong brand image increases perceived value and reduces uncertainty, particularly for high-involvement products such as electronic gadgets. In the Philippine context, De Luna and Lim (2021) reported that consumers increasingly rely on brand reputation, perceived quality, and reliability when purchasing electronic devices, while Locally, Del Rosario and Pabroa

In the quiet town of Limpias, inside the parish Church of St. Peter the Apostle, stands a life-sized 17th-century crucifix known as the Santo Cristo de Limpias—center of one of the most astonishing events in modern Catholic history.

In August 1914, a priest cleaning the figure saw Christ's eyes slowly close. He found no mechanism and kept silent—until 1919.

On March 30, 1919, during a Lenten mission, children cried out, "The Holy Christ is moving!" Priests and parishioners soon witnessed it too. Thousands flocked.

Witnesses described the same signs: eyes opening and closing with expression, a face of deep sorrow, a body that appeared to breathe, and at times signs of sweat.

Fr. Joseph Eisenlohr wrote: "After the Santo Cristo moved His head and eyes… He began to pull at the shoulders, to writhe and to bend, as a man does when he is nailed alive to a cross… This whole scene of the dying Saviour lasted from the Sanctus until after the priest's Communion…"

Jul 31, 2026 11:29:27

Skeptics came to disprove it yet left in tears. Doctors, priests, and unbelievers testified. Over 8,000 written testimonies were gathered—2,500 under oath.
Bishop Sanchez de Castro of Santander opened a canonical process on July 18, 1920. Rome was notified of the miracles. One year later, a plenary indulgence was granted for seven years to those who visited the holy crucifix.

This was not merely about a statue. It was a sign that Christ is alive. His Passion is ever-present through the continued sin of man. His gaze still seeks every soul, calling each to conversion.

May this move our hearts to deeper repentance and love. Never take His sacrifice for granted.

Oh my Bee News • 2h •

Nag-viral sa social media ang mga video ng mga estudyante sa high school sa Calinan District, Davao City na pang-aasar at pagsisigaw kay Pangulong Ferdinand Marcos Jr. Nangyari ito habang papunta ang Pangulo sa kanyang helicopter pagkatapos ng kanyang pagbisita sa lungsod.

Isa itong patunay na pati ang moralidad ng ating kabataan ay KINURAP na ng mga DUTERTE. Ang mga ganitong pananalita ay hindi katanggap tanggap na magmumula sa isang kabataang menor de edad. Ganito ang kinabukasan na gusto ng mga DDS? May future ang mga batang ito na maging Kriminal. Tulad ng kanilang mga iniidolong kawatan at mamatey tao tulad ng mga Duterte.

OFFICIAL STATEMENT ON THE 2026 STATE OF THE NATION ADDRESS
President Ferdinand R. Marcos Jr.'s 2026 SONA made one thing clear: accountability and genuine public service are the bedrock of national progress.
As the Vice Mayor of Iloilo City and the Presiding Officer of the Sangguniang Panlungsod, I stand fully united with our nation in the fight against corruption. I hold firm to the principle that public office is a public trust. Indeed, transparency and integrity go hand in hand in guiding our work for the Ilonggo people.
In Iloilo City, we do not just listen to national priorities; we translate them into local action. Through responsive legislation—from establishing localized emergency hotlines for disaster response to institutionalizing incentives for our students, among many other initiatives—I, along with the Sangguniang Panlungsod, continue to advance measures that promote good governance, sustainable development, economic growth, and the efficient delivery of services for every Ilonggo.
The success of our nation's vision depends on the partnership between the national and local governments. By working together with our communities and stakeholders, we can ensure that progress reaches every barangay and that development is felt by the people we serve.
Progress is a shared responsibility. Through accountability and unwavering service, we can build a more progressive Iloilo City.
Applying what the President himself emphasized: Hindi kita Vice Mayor lang sang aton pamilya kag mga abyan—Vice Mayor kita sang Ciudad sang Iloilo.

In the Gospel of Matthew (27:51), it says that right after Jesus cried out and died on the cross, "the earth shook, the rocks split" — a supernatural sign that captured the attention of everyone there, including the Roman centurion who declared, "Truly this was the Son of God."

Now, a 2012 study (that's resurfacing big time in 2026!) by geologists analyzing Dead Sea sediments has found signs of a real seismic event during the right historical window. They examined "varves"—annual layers of sediment in the Dead Sea (like tree rings for the earth)—from cores near Ein Gedi, about 25 miles from Jerusalem.

The findings? Clear disturbances in the layers pointing to: A major earthquake around 31 BC

A smaller but significant one sometime between 26–36 AD—perfectly overlapping with Pontius Pilate's rule (26–36 AD) and the widely accepted timeframe for Jesus' crucifixion (often dated to around 33 AD).

The researchers used precise varve counting, radiocarbon dating, and other methods to build a year-by-year timeline, and this quake's "fingerprint" in the deformed sediments stood out, no other events in nearby years matched as closely.

"fingerprint" in the deformed sediments stood out, no other events in nearby years matched as closely.

Of course, the study itself notes it could be the biblical quake, a nearby event woven into the Gospel narrative for emphasis, or even a local tremor not widely recorded. But for many, this physical evidence from deep-earth layers adds an intriguing layer of credibility to the ancient account.

What do you think—coincidence, science meeting scripture, or something more? Another faith and facts colliding in the most fascinating way!

A FATHER'S LOVE ❤️❤️❤️

Viral at usap-usapan ngayon ang isang video clip mula sa Indonesia patungkol sa isang ama at anak nito.

Ang kwento kasi; maagang pumanaw ang asawa ng lalaki dahilan upang siya na lamang mag-isa ang mag-aalaga sa anak nila na kung pagbabasehan sa video ay nasa dalawa o tatlong taong gulang pa lamang. Nagkabit ito ng cctv sa kanilang munting tahanan upang ma capture ang ginagawa ng kaniyang anak. Sa isang bahagi ng clip ay itinuro niya pa sa bata ang cctv at sinabing doon umano siya nakatingin upang bantayan siya. Base sa account ay delivery rider ang Ama at habang nasa labas siya ay minu-monitor niya ang anak na mag-isang nasa bahay. Habang wala ang ama ay makailang beses na tumitingin ang bata sa cctv at mag-isang dumedede sa iniwan sa kaniya ng ama. 😭😭😭

"The new German national soccer coach's insight into the psyche of football's devotees is now the best way to understand the game's new storm — FIFA's plan to sell shares in future World Cup events," writes Stephen Collinson.

"This would always have been contentious. It's especially so in the emotionally charged aftermath of spectacular World Cup finals in North America. But the backlash is being supercharged by one thing: There's a Trump factor." | Analysis https://cnn.it/44UArHF

‘ANG INGAY-INGAY [NI CAYETANO]’

Itinanggi ni Sen. Ping Lacson na sini-single out niya ang Taguig City na balwarte ni Sen. Alan Peter Cayetano kaugnay ng maanomalyang flood control projects.

"Lahat 'yan, nasa baul namin nung nagsimula kami sa Blue Ribbon. All the time, lahat ng files na 'yan, nandoon sa amin. Hindi lang namin nakakalkal sa dami, we were overwhelmed," paliwanag ng senador.

"Hindi ako magpapaka-ipokrito, talagang kinalkal namin 'yung Taguig. Sabi ko, ‘Mag-focus tayo rito kasi ang ingay-ingay nito,’” dagdag ni Lacson.

Earlier, Duterte accused the tribunal of being a 'lapdog' or 'puppet' of President Ferdinand Marcos Jr. and former lawmaker Antonio Trillanes IV.

Iaakyat sa preliminary investigation ng Office of the Ombudsman ang kasong plunder at graft laban kina Batangas 1st District Rep. Leandro Leviste at Sen. Loren Legarda kaugnay sa solar projects.

Ayon kay Remulla, malaki ang nawala sa mga Pilipino dahil sa 'solar empire' ni Leviste na ibinenta lang din kalaunan.

Sealed RTX 5070 Ti Box Held a Two-Liter Water Bottle Not a Graphics Card

A Moscow buyer nearly got played for over a grand. He ordered a Gigabyte GeForce RTX 5070 Ti Eagle OC Ice through Russian retailer Wildberries for 90,000 rubles, roughly $1,100, then opened the sealed box right at the pickup point. Inside sat no graphics card at all, just a large two-liter bottle of water.

The swap was built to fool a quick weigh in the hand. That bottle gave the parcel almost exactly the heft of the missing GPU, so nothing felt off through the wrapping. Nobody knows yet when the card vanished or how the box got resealed, though Russian outlet i2HARD says the protective film peels off then goes back on easily enough to look untouched.

His real save was hitting record before anything opened. The footage rolls under the store's cameras, catching the employee handing the parcel over before he films the labels then opens the wrapping. That running start matters, since it becomes very hard to argue he pulled the card himself. Experts push exactly this, filming any high-value unboxing to catch a swap early.

Comment as John Kendrick Jul 31, 2026 19:55:54

None of this comes cheap, which is exactly why hardware like this gets targeted. Nvidia launched the RTX 5070 Ti at a $749 starting price, but this high-end Gigabyte build sells well above that for serious performance. Graphics cards rank among the priciest parts in any gaming rig, making them a favorite mark for scammers.

This isn't Wildberries' first swap saga either. A different customer ordered an RTX 5080 for 113,986 rubles only to find a bag of grain in the box after opening it at home. His money-back requests got knocked back at first, and police passed on a criminal case until prosecutors overturned that call. Wildberries settled with a full refund on July 21, over two months after the purchase.

For this latest buyer, the ending is still unwritten. Nobody has confirmed whether Wildberries will refund him or pinned down where the swap happened. His filmed evidence should at least spare him the drawn-out fight the grain victim faced. For now he is stuck with a very literal, wildly overpriced take on water cooling.

₱92.8 million ang kaso. ₱1 million ang piyansa.

Ang flood control project, hindi raw napigilan ang baha.

Pero ang paglabas sa kulungan... mukhang mabilis ang daloy. 🌊

Reminder lang: Ang paggrant ng bail ay hindi acquittal. Tuloy pa rin ang paglilitis, at doon pa lang malalaman kung may pananagutan o wala.

Samantala, ang mga residenteng binabaha, wala ring piyansang makakapagpalaya sa kanila sa baha tuwing tag-ulan.

Sa Pilipinas, minsan mas magaan pang lampasan ang kaso kaysa lampasan ang baha.

UNA SA LAHAT: HINDI BLURRED DAHIL ‘BOLD.’

Marami ang nakapapansin na laging naka-blur o hindi makilala ang mga suspek sa krimen o mga inaaresto sa mga balita, lalo na kapag umeere sa TV. Ang tanong ng marami, bakit?

Taong 2006 nang umapela ang Asian Human Rights Commission na huwag ipakita ang mukha ng mga naaarestong supek sa media at sa publiko para protektahan ang prinsipyo ng presumption of innocence. Anila, nagdudulot ito ng diskriminasyon at pamamahiya sa mga suspek at nagiging “guilty” na agad ang tingin sa kanila.

Higit diyan, pinoprotektahan din ang taong inaakusahan at hindi pa napapatunayang nagkasala ng Article III, Section 14 ng 1987 Constitution. Ayon dito, ang isang suspek o nasasakdal ay ipinagpapalagay na inosente hangga’t hindi napapatunayan sa korte ang ginawa niya. Sa madaling salita, sila ay “innocent until proven guilty.”

Dagdag pa rito ang isyu ng data privacy. Ayon sa Advisory Opinion No. 2022-015 ng

Jul 31, 2026 23:42:00

Dagdag pa rito ang isyu ng data privacy. Ayon sa Advisory Opinion No. 2022-015 ng Privacy Policy Office ng National Privacy Commission, maituturing na “personal information” ang mukha ng isang indibidwal na nakuhanan ng litrato o video at protektado ng Data Privacy Act of 2012.

Itinuturing na personal information ang mukha ng isang tao, at kasama ito sa pinoprotektahan ng Data Privacy Act, puwera nam lamang kung may “lawful basis” o legal na basehan para ipakita ito.

Ang hindi pagpapakita ng mukha ng mga suspek o naaaresto ay para rin maiwasan ang trial by publicity, o ang pagmamadaling husgahan ang tao na “guilty” sa isang krimen nang hindi pa nadadala sa korte ang kaso. Ito rin ay para maiwasan ang mistaken identity, lalo kung nangyari ang paghuli o pag-aresto habang naka-“hot pursuit” o paunang impormasyon pa lang ang available na ibalita.

Hindi lang data privacy, kundi saligang karapatan o constitutional right ang pinoprotektahan sa pag-blur ng mukha ng mga suspek sa mga balita. Lalong-lalong hindi naman dahil ito ay kabastusan.

Sa mga taga-Calinan National High School sa Davao City, nakita at narinig ng buong Pilipinas yung mga komento ninyo tungkol sa Pangulo. Yung sana sumabog yung sinasakyan niya or bangag siya. Honestly, ang cringe pakinggan at nakakabastos, even for people na hindi naman binoto si BBM but recognizes him as the elected leader.

Because some things need not be said out loud.

Pero expected naman na yan. We get it. Hate ninyo si BBM. We get din yung dahilan kung bakit galit ang mga taga-Davao sa kanya.

Baka nakakagulat pa siguro kung i-welcome at pasalamatan siya sa kanyang pagdalaw. Gets din ng mga hindi taga-Davao na isang Duterte lang ang gusto ninyong pinuno. As in, wala nang iba. Duterte or nothing.

And that's a big problem.

Dahil kung magpapakatotoo lang tayo at mag-iisip ng kalmado at risonable, hindi lang naman mga Duterte ang mahusay at marunong magpalakad ng gobyerno o ng isang bansa. Wala namang monopoly ang mga Duterte sa "tapang at malasakit". Higit 100 million ang dami ng Pinoy. Ilang daang libo sa atin ang sure na may tapang at malasakit in many, many ways.

Jul 31, 2026 23:47:35

Wala namang monopoly ang mga Duterte sa "tapang at malasakit". Higit 100 million ang dami ng Pinoy. Ilang daang libo sa atin ang sure na may tapang at malasakit in many, many ways.

Ang hirap lang ng ganyan na si Duterte lang ang para sa inyo ay karapat-dapat. Dahil hindi naman ganyan ang demokrasya. We can agree to disagree, but at the end of the day, we need to work with each other, more so with people we don't like.

Ganun kasi ang tanging paraan para umunlad ang isang bansa. We work through our differences towards a single, but shared, national goal.

National goal. Hindi pwedeng Davao goal, hindi Mindanao goal or Luzon goal or Visayas goal. National goal. And that means first recognizing who is the leader.

Ang lumalabas kasi gusto ninyo isang pamilya lang ang mamuno sa Pilipinas. Everyone else who is not named Duterte and wants to present himself or herself ay matic na kaaway. Kung ganun din lang, might as well work towards Davao City seceding as a city-state para Duterte forever nalang mamuno sa inyo for all time.

Ang tanong, kaya bang tumayo ng Davao sa sarili nitong mga paa bilang isang independent

Jul 31, 2026 23:47:38

Ang tanong, kaya bang tumayo ng Davao sa sarili nitong mga paa bilang isang independent city-state? Yung tipong totohanin na yung sinasabing parang Singapore, which is a city-state?

On paper, yes, Davao City is big enough to survive as a city-state. May populasyon na 1.8 million and GDP na ₱575 billion noong 2024. May international airport na rin, a major seaport, at diversified ang economy. In short, nandiyan na yung basic ingredients needed to function as a sovereign city-state.

And yet, being able to survive is very different from being better off. Right now, ang Davao ay nagbe-benefit bilang parte ng Pilipinas. National government gumagastos sa defense, military, Coast Guard, the judiciary, foreign affairs, customs, immigration, at major infrastructure projects.

If Davao became independent, kayo lahat magpopondo ng military, coast guard, judiciary, foreign affairs, customs, at marami pang ibang gastos na ngayon national government ang nagpo-pondo.

For perspective, kung parang Singapore that spent around 3% of its GDP on defense pa lang, nasa ₱17 billion a year na yan which is lagpas na agad sa ₱13.4 billion na revenue ng Davao City in 2024 numbers. Saan kukuha ng panggastos sa defense? Syempre utang dahil may shortfall. And defense palang yan.

Ang bigger pa diyan is that ang economy ng Davao ay integrated sa economy ng Pinas na parang magkakabit ang pusod. Actually, hindi nga ganun ka-dependent with each other. With less than 3% ng national GDP ang ambag ng Davao City, afford ng Pinas to separate from Davao. Ni hindi mararamdaman ng Pinas. But Davao City?

Businesses there rely heavily on trade with Luzon and the Visayas, naka-ankla sa banking system ng Pinas, at ang free movement ng goods and people.

Independence would mean creating new borders, customs rules, monetary arrangements, at international agreements.

In short, mas magiging kumplikado at mas mahirap ang lagay ng Davao kung kumalas ito kesa sa maging parte ng Pinas.

So while Davao is certainly large and prosperous enough to qualify as a city-state, the evidence suggests it would face significant economic challenges that it doesn't have to deal with bilang parte ng Pilipinas.

Jul 31, 2026 23:47:51

So while Davao is certainly large and prosperous enough to qualify as a city-state, the evidence suggests it would face significant economic challenges that it doesn't have to deal with bilang parte ng Pilipinas.

Kaya please lang. Huwag bastos. Matuto sanang lumugar. Kung kaya na ninyong kumalas sa buong Pilipinas, then by all means, hate on anyone not named Duterte or anyone not from Davao.

Until then, you're still part of a larger country that doesn't see anyone not named Duterte as an automatic enemy.
